### EVALUASI PENGAJAR

| Evaluasi                                                                                                                                                                               |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Perkembangan hafalan santri tergolong baik. Kelancaran bacaan sudah baik, namun tetap perlu menjaga konsistensi murajaah. Rata-rata nilai bulan ini 89.03.</p>                      |
| Rekomendasi                                                                                                                                                                            |
| <ul style="list-style-type: none"> <li>• Pertahankan kedisiplinan setoran.</li> <li>• Laksanakan murajaah setiap hari.</li> <li>• Tingkatkan ketelitian tajwid dan makhraj.</li> </ul> |

| Target Bulan Berikutnya                                                                                                                                                                                     |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"><li>• Menambah hafalan baru sesuai target dari Ustadz.</li><li>• Mempertahankan nilai rata-rata minimal 90.</li><li>• Menjaga konsistensi murajaah setiap hari.</li></ul> |
